DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-8, 18, 19, and 29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 1 and 29, it is not clear what constitutes the claimed overall volume of the magnet-based part with reduced magnet weight. If it is intended for the overall volume to include the inner nonmagnetic spaces the claim language should be clarified to reflect this. Claims 2-8, 18 and 19 inherit the defect in their parent claim.
